Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are expected across the UK on Thursday. However, some localised pockets of Moderate air pollution are possible in some eastern urban areas.

Tomorrow: Levels of air pollution are expected to remain Low across the UK on Friday with generally dry but breezy conditions.

Outlook: Rather unsettled and often breezy over the weekend and into Monday with periods of rain and showers. This should result in a continuation of Low air pollution levels across the UK.
